

G.A. Development from sketch to
detailed CAD drawings

DESIGN IMPRESSIONS

For new builds or extensive refits. Design impressions will provide the Owner an effective tool to see how Feasibility & Style meet in the (preliminary) result of all the Technical design efforts.

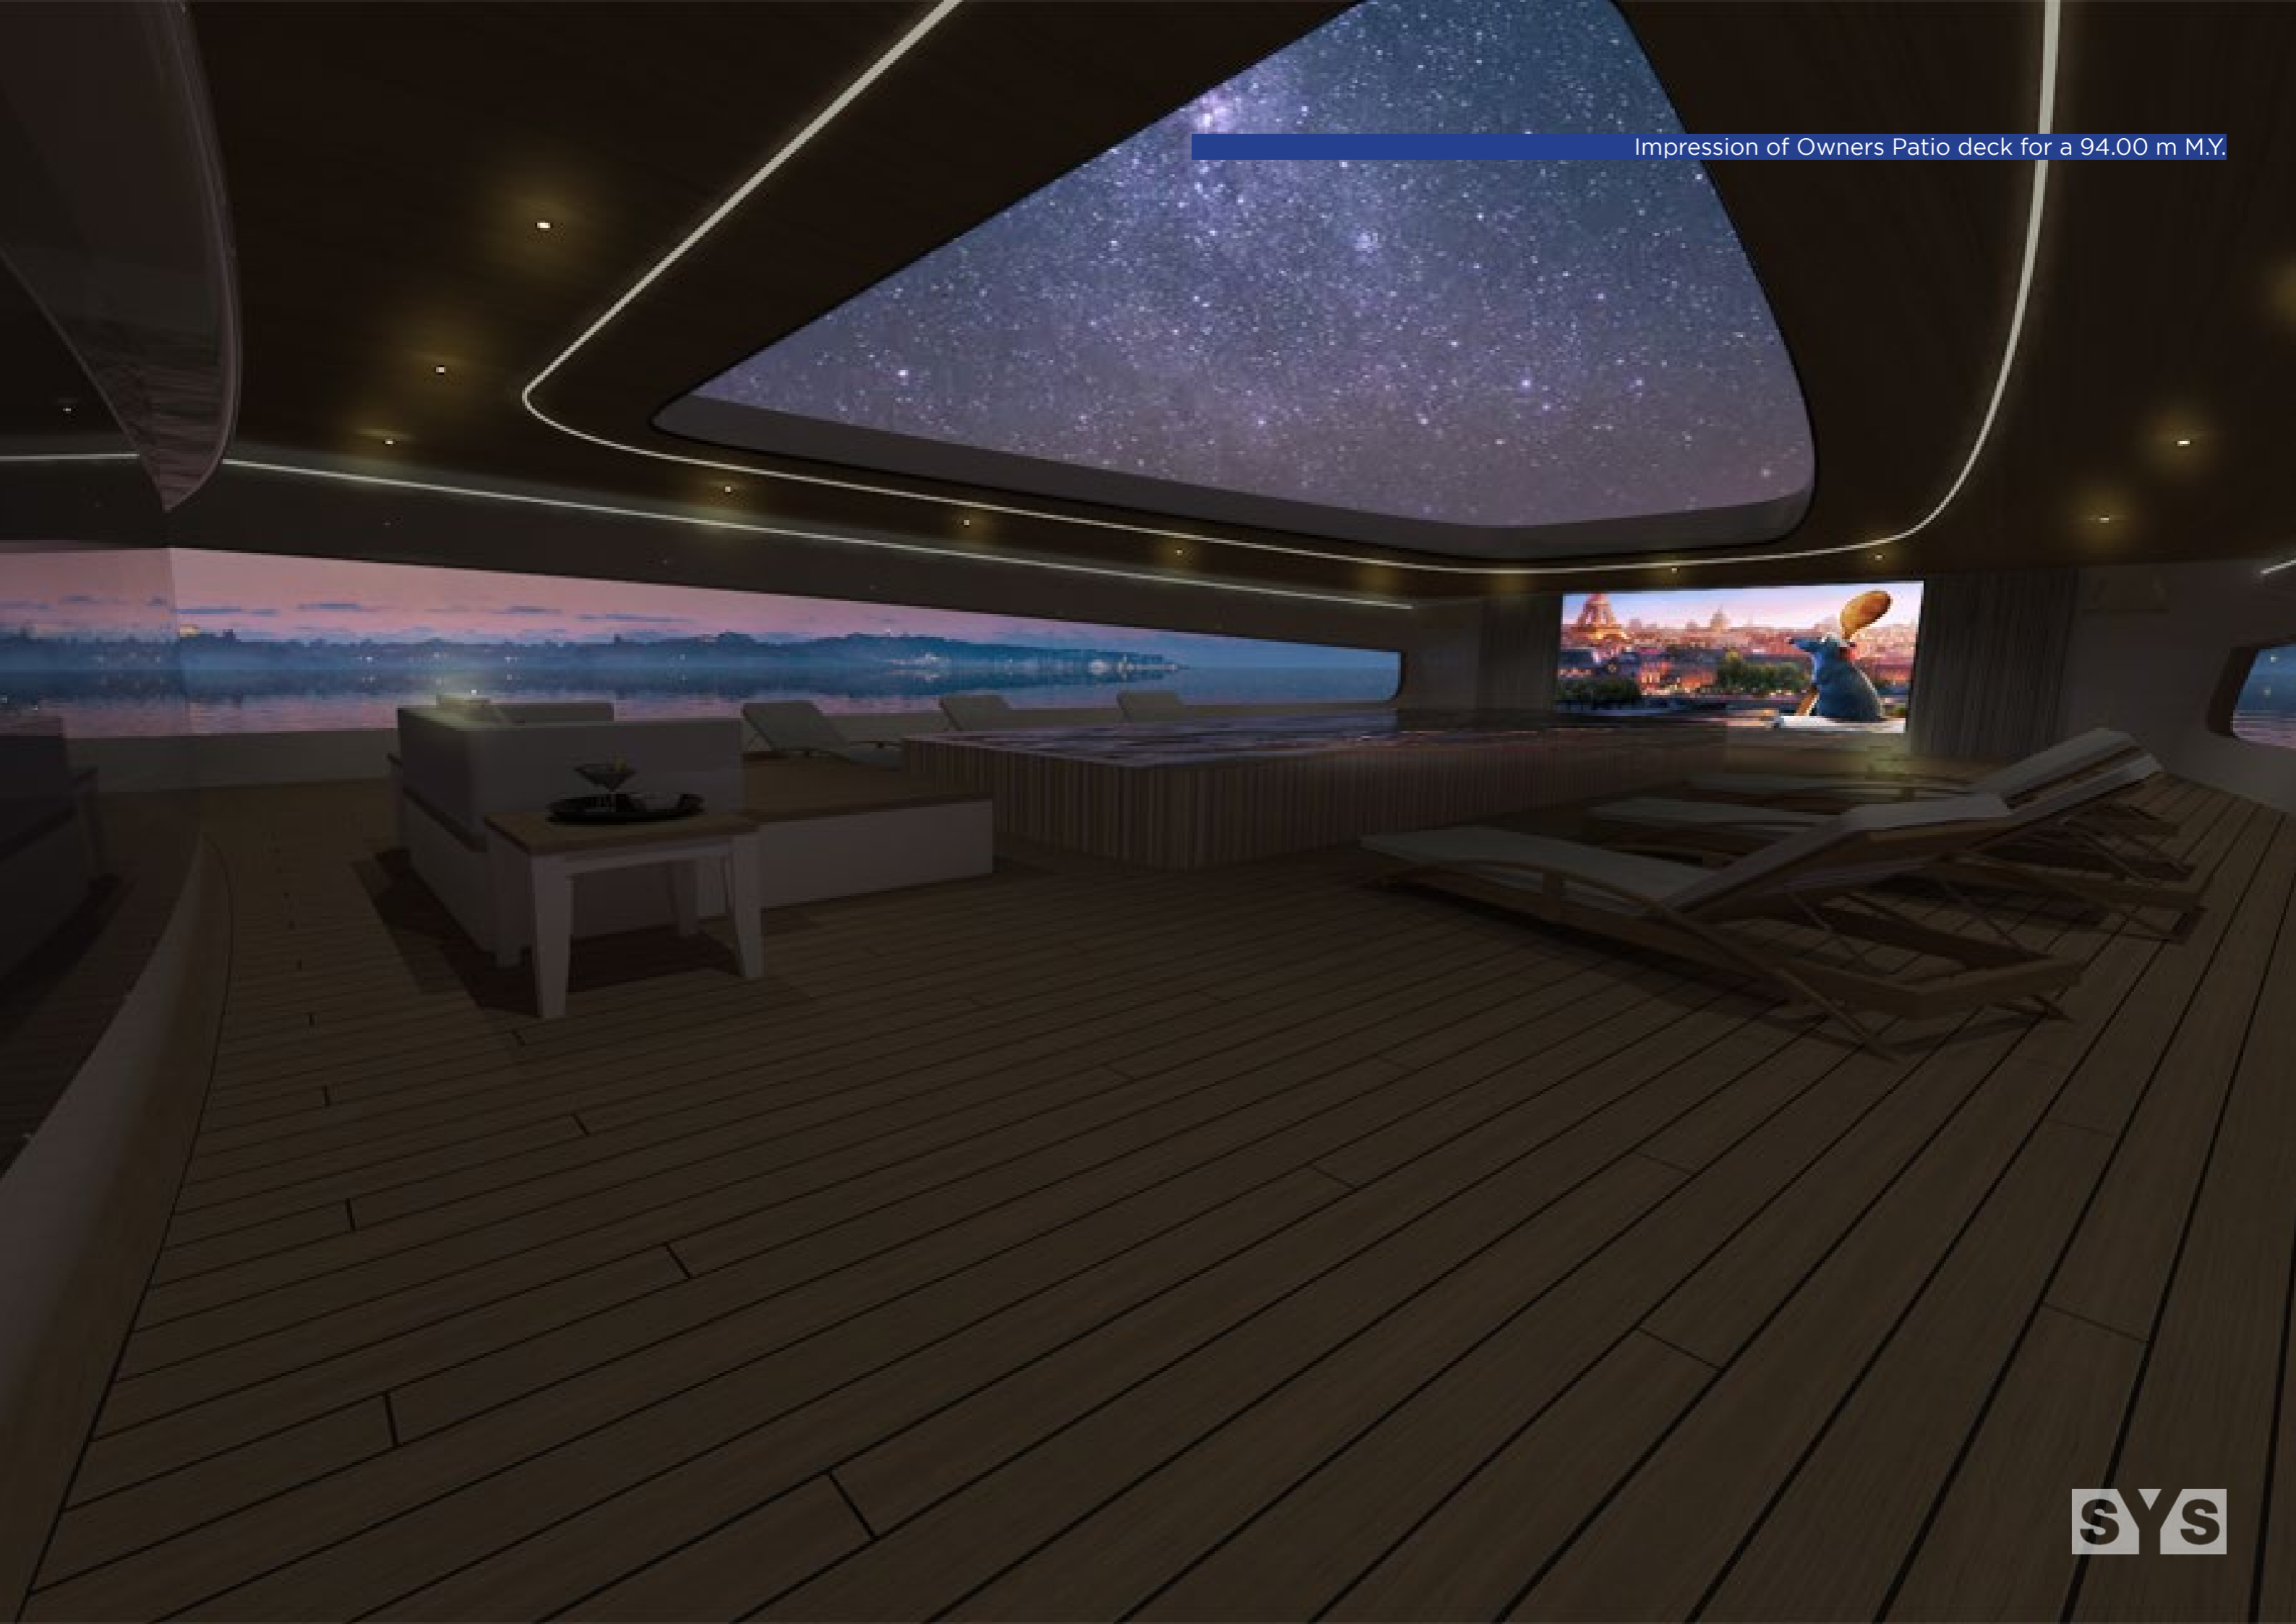

DESIGN IMPRESSIONS

We support to bring the Owners ideas to life!

Impression of Owners Patio deck for a 94.00 m M.Y.

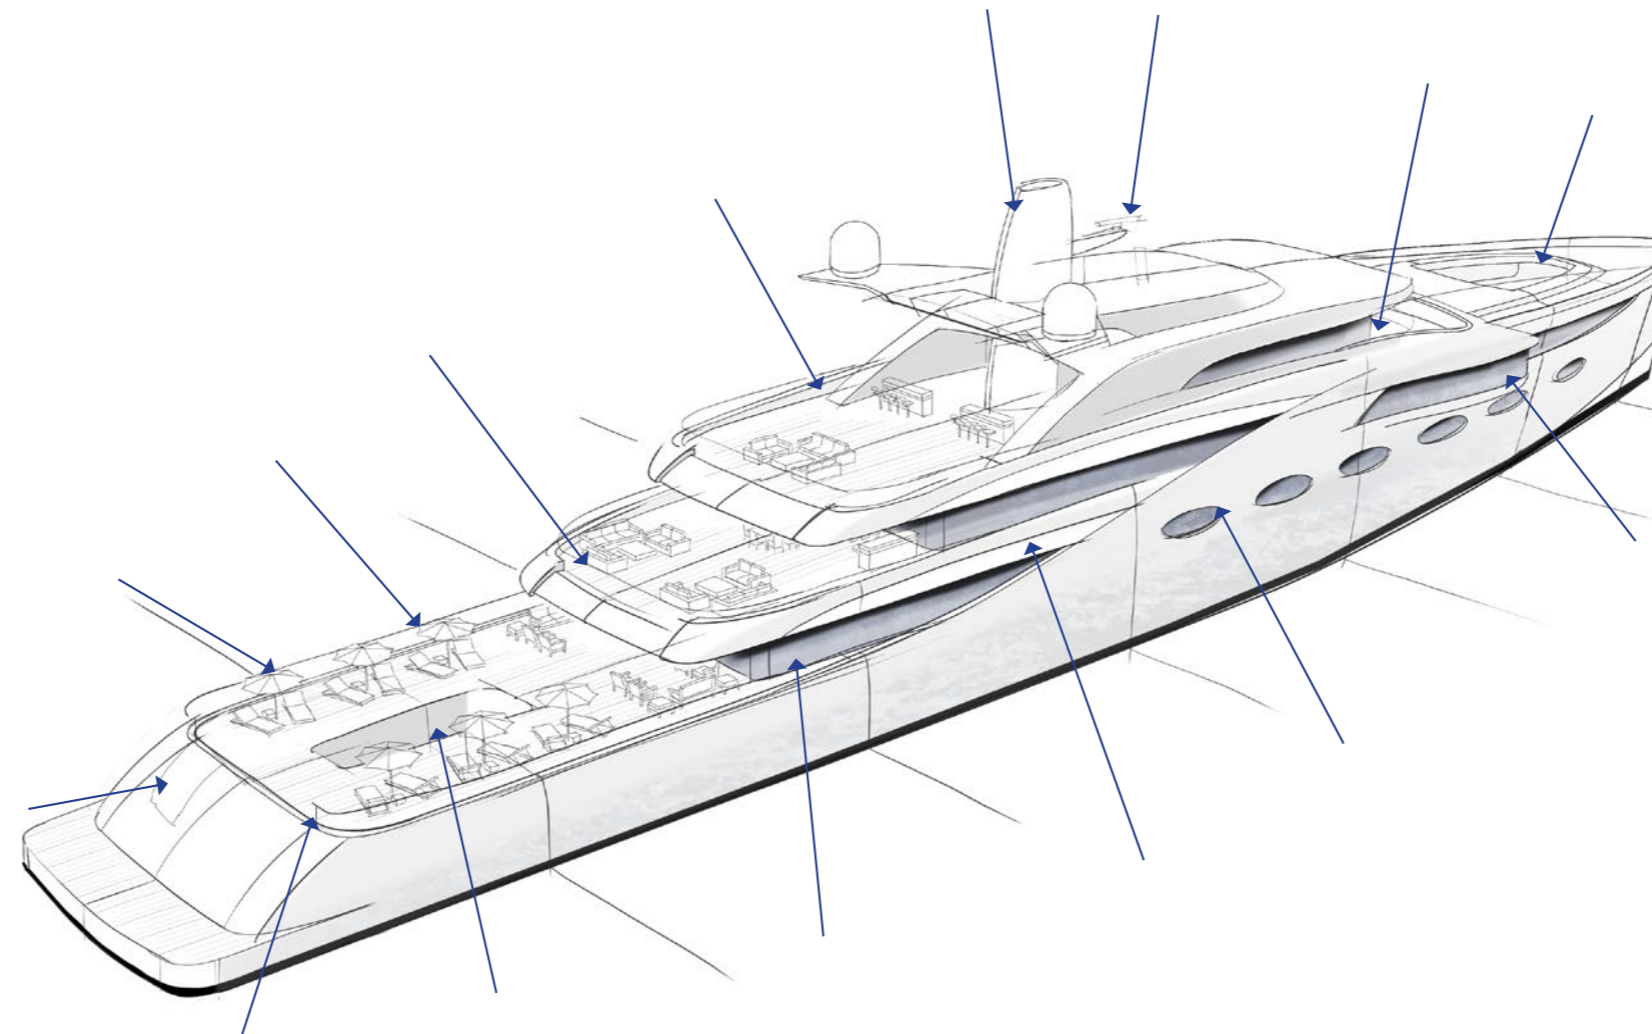

SYS skills in a nutshell:

- Renderings and impressions of exterior and interior.
- Interior design assistance.
- For example, we are able to support the yard with the following Exterior design drawings:

Overview of support @ newbuild

- Paint Schemes
- Boottop design
- Wing station design
- Bulwark details
- Recesses
- Skyrail for window washing
- Anchor pockets
- Bow plate
- Porthole details
- Hull window details
- Rub rail details
- Swim platform details
- Fairlead details
- Freeing Ports
- Grill details
- Tender Poles
- Dive Boards
- Bulwark doors
- Bulwark Hatches
- Passerelle details
- Boarding Ladder details
- Exterior Ceilings
- Sliding doors Aftwalls
- Pillars
- Skylight details
- Pop-out door details
- Door handle details
- Main entrance
- Electrical sliding doors
- Hinged doors
- Staircase details
- Windbreak doors & Windscreens
- Coaming details
- Grills AC, position & details
- Name design of Yacht
- Grills ER
- Filling Station details
- Fixed Awnings
- Umbrella & Cloth Awnings & Fixtures
- Gutter details
- Scuppers/ deck drain details
- Railing/ glass windscreen details
- Pool details
- Teak patterns
- Exterior shower details
- Bollard details (all sizes)
- Heli deck details
- Exterior Staircase details
- Hatch details

- Rescue boat side hatch details
- Tender garage side hatch
- Transom platform hatch
- Anchor hatch
- Deckhatch
- Passerelle hatch
- Fuel Fill
- Deck shower
- Water connections
- Storage hatches (furniture)
- Foremast details
- Funnel
- Main mast
- Antenna's
- Flagstaff
- Flag mast aft
- Flags at main mast
- Rescue provisions
- Life rings & Buoy's
- Life rafts
- Exterior Furniture
- Covers & Protective
- Sunbed pool
- Sundeck BBQ
- Deck cranes
- Jacuzzi's
- Ships Bell
- Typical Dining Table
- Typical Side Table
- Typical Lounge Table
- Typical Cabinet
- Typical Bar
- Typical Loose furniture
- Swim Ladder
- Fixtures & connections AV

- Heli Landing Lights
- Exterior spot light
- Exterior LED strips
- Navigation Lights Plan
- Bridge visibility
- Means of escape Plan
- Structural Fire protection Plan
- MLC check crew accomodation
- Demarkation Plans for:
 - Owners supplied items
 - Ceiling domes
 - etc.
- First GT estimate model & Calculation
- CAP 437 check Helideck

Our Project Approach

SYS Project Approach:

- SYS is Part of the team.
- We prepare your presentations: Digital & when required verbally.
- Support the Owners Team/ Project team in an early stage with feasibility studies in close cooperation with the engineering team of the yard. We pick up the studies which often are neglected at the early stage due to the tight schedules. All at a “White Label” approach. So there is a detailed package to send to the Lead Designer of the Project.
- For support at exterior detailing we can join the Yards team.
- We have an efficient system to create clear impressions of challenging technical features
- SYS drawings are easy to understand for:
 - Owner
 - Designers
 - Engineers

White Label Design support from Concept to the finest Details
